DETAIL

Show off your collections with this female mannequin with articulated arms and metal base. Its realistic flesh-coloured polyurethane look is eye-catching, while the movable arms let you show off your garments in a variety of poses. With optimum dimensions (height: 71 cm, shoulder width: 42 cm), its metal base ensures perfect stability. Ideal for windows, showrooms and boutiques, this mannequin boosts your display and seduces your customers.

DESCRIPTION

This **female mannequin with articulated arms and metal base** is designed to offer an elegant and flexible presentation of your collections. The **realistic flesh-coloured polyurethane finish** ensures a natural look, while the movable arms make it easy to adjust the pose of garments to highlight each piece. Its metal base ensures optimum stability for safe use. Perfect for **boutiques, vitrines** or **showrooms**, this mannequin combines professionalism and modern design, while offering a practical and aesthetic solution for displaying your fashion products.
