## DETAIL

This shopfitting module has been designed to create fully modular display units. You can add several hanging rails side by side to create a display several metres long, tailored to the layout of your sales area.

The interior layout can be adapted to suit your collections with clothing rails, multiple levels of shelving or a combination of both.

## DESCRIPTION

This **brown wardrobe unit with wooden shelves** is designed for shop fittings, showrooms and retail spaces. Its metal frame with a matt brown finish is combined with three oak-effect shelves to create a warm and contemporary display.Measuring **107.2 cm wide, 44.2 cm deep and 240 cm high**, this unit allows you to combine hanging garments, folded items, shoes and accessories. It comes with **a hanging rail and three wooden shelves**, the position of which can be adjusted to suit the desired display.
