DETAIL

Measuring 104 x 69 x 158 cm, this shop display unit offers a compact and functional display area. The top shelf, measuring 104.6 x 67.4 cm and with a thickness of 25 mm, is ideal for displaying bags, shoes, accessories or folded garments. The steel tubular frame measuring 4 x 2 cm ensures good stability. This unit is particularly suitable for fashion boutiques, concept stores, showrooms and merchandising areas.

DESCRIPTION

This **central display unit** combines a white powder-coated steel frame with an oak-finished top shelf. Its sleek design allows for a clear and high-quality presentation of ready-to-wear collections, whilst adding a natural touch thanks to the wooden top. The 100 cm hanging rail accommodates clothes, jackets, shirts and trousers on hangers.
