DETAIL

This white LED spotlight is ideal for windows, centre aisles, or traffic areas where effective and stylish lighting is required. Thanks to its warm light of 3000K, it creates a comfortable atmosphere while highlighting products. Its three-phase track system allows for flexible installation and quick repositioning. Whether for a shop, gallery or reception area, this luminaire combines performance, design and practicality.

DESCRIPTION

This **30W white LED spotlight** offers a **warm 3000K light**, perfectly suited to commercial environments wanting a warm and welcoming atmosphere. Designed for three-phase track installation, it angles downwards for targeted lighting of presentation areas. Its aluminium casing is robust and durable, with good heat dissipation. Its discreet white finish blends in easily with all types of layout, from **modern boutiques to more sober showrooms**.
