DETAIL

This 40W black LED spotlight is the ideal solution for effective accent lighting in shops or showrooms. Thanks to its neutral 4000K light, it naturally highlights products, shelving or specific areas. It is adjustable and mounts easily on a three-phase track, offering great flexibility of positioning and adjustment. Robust, modern and powerful, this luminaire is perfectly suited to the needs of visual merchandisers, interior designers and demanding retailers. A sure bet for professional, long-lasting lighting installations.

DESCRIPTION

This **40W black LED spotlight** is designed to provide powerful and precise professional lighting. Featuring a **light temperature of 4000K**, it faithfully reproduces colours while ensuring optimum visual comfort. It is mounted on a three-phase rail for fast, flexible installation. The spotlight head can be adjusted to adapt the lighting to the needs of each space. With its sleek, contemporary black body, it fits easily into any type of **concept store, gallery or shopping area**. Ideal for highlighting products or creating a dynamic atmosphere.
