DETAIL

Bringing together performance and aesthetics, this black and gold LED spotlight is a perfect choice for retailers looking for stylish lighting. Its warm 3000K light highlights items while enhancing the ambience of the venue. Compatible with standard three-phase track, it can be easily installed and moved according to staging needs. Ideal for ready-to-wear boutiques, showrooms or premium spaces that want to combine functionality with refined design.

DESCRIPTION

This **30W LED spotlight** in black with gold finish is designed for three-phase track mounting. It emits a **warm 3000K light**, ideal for creating a welcoming atmosphere while highlighting products. Its downward-facing design ensures focused, powerful lighting, perfect for **window displays, central areas or display furniture**. The aluminium body ensures durability and efficient heat dissipation. With its combination of matt black and brushed gold, this model adds a high-end touch to any professional space.
