DETAIL

Designed for professionals looking for flexible lighting, this white directional LED spotlight combines understated design, luminous performance and visual comfort. Its temperature of 2700K produces a warm light ideal for creating a welcoming atmosphere, while its compatibility with a Triac dimmer means you can adjust the brightness to suit the moment or the space. To be installed on 3-light rails, it is equally suitable for ready-to-wear stores as for reception areas or restaurants.

DESCRIPTION

This **30W white LED spotlight** offers soft, warm lighting at **2700 kelvin**, ideal for creating a cosy, elegant atmosphere at the point of sale. It can be adjusted to adapt the light to your needs, and is compatible with 3-phase 3-strips. Fitted with a Triac dimmer, you can adjust the light intensity to suit different areas or times of day. Its understated white finish and discreet format mean it fits naturally into all types of commercial layout, from **high-end retail to designer showrooms**.
