Category	Led lighting
Type	Store lighting

DETAIL

Designed with retail needs in mind, this rail-mounted white LED spotlight combines efficiency and simplicity. Its neutral warm light (3500K) creates a welcoming atmosphere while ensuring excellent visibility on rays or shop windows. Thanks to its quick installation on three-phase track, it can be easily repositioned according to the staging of your shop. Its power of 30W is ideal for controlled light intensity, while remaining energy-efficient. It's a reliable choice for all professional lighting projects.

DESCRIPTION

This white directional **LED spotlight** offers a high-performance lighting solution for all professional environments. With its **power of 30W** and **colour temperature of 3500 kelvins**, it diffuses a neutral warm light, ideal for enhancing your products without altering the colours. It can be installed on a three-phase 3-way track for maximum flexibility. The sleek white body fits perfectly into **boutiques, showrooms or reception areas**. Its swivel head allows the luminous flux to be precisely directed at the areas to be highlighted.
