DETAIL

This 30W LED projector in disc format is designed for professionals who demand design and light. Thanks to its light temperature of 4000K, it ensures a natural rendering perfect for lighting product areas, sales areas or traffic zones. Its three-phase rail mounting makes it easy to install and reposition as required. Its modern design and black colour allow it to blend in with all types of environments, while providing powerful, precise and attractive lighting.

DESCRIPTION

This **30W black LED spotlight** features a disc-shaped, discreet and elegant design, perfect for modern professional environments. It diffuses **neutral light at 4000K**, ensuring excellent visual comfort and optimum colour fidelity. Its swivel head allows you to adjust the beam direction to suit your needs, and its three-phase track installation offers flexibility and adaptability. Ideal for **showrooms, shops or reception areas**, this luminaire combines technical performance, meticulous design and low energy consumption.
