DETAIL

Designed for shops, workshops or showrooms, this 120cm black LED luminaire provides a powerful light at 6000K, ideal for areas requiring intense and precise lighting. Its elongated structure spreads even light over large areas, while keeping power consumption under control. Compatible with three-phase track, it can be adapted to all types of configuration. Its black finish allows it to blend discreetly into modern or industrial interiors while enhancing the value of the products on display.

DESCRIPTION

This **120cm LED luminaire**, finished in matt black, offers **30W power** and diffuses a **cool 6000K light**, perfect for environments where precision and visibility are essential. Its three-phase track installation allows great flexibility of layout and movement. Thanks to its elongated shape, it provides continuous linear lighting, **ideal for shelving, checkout areas or display spaces**. This model combines performance, professional design and **low energy consumption**.
